ONLINE EVENT MANAGEMENT**

Easy Event Setup

Event setup includes your logos in header and footer areas and email link for contact us to your event coordinator: Generally available in 48 hours.

Diverse Ticket Types

Multiple ticket types allow you to have separate time schedules, session selections and options. Adults, students and even your speakers and volunteers can all register providing single point event management.

Time Slot Selections

Workshop limits that vary by timeslot allow you to control the number of registrants on a first-come first-serve basis. When a session fills it will close automatically for that timeslot/topic.

Events include online payment by credit card using our secure gateway. We can integrate direct to your PayPal account for a nominal add-on charge.
